LOWER CANADA.

RULES AND REGULATIONS OF THE AGRICULTURAL DEPARTMENT.

1. All entries must be made on printed forms which may be obtained of the Secretaries of Agricultural Societies, free of charge. These forms are to be filled up and signed by the exhibitor, enclosing a dollar for membership, and sent to the Secretary of the Board of Agriculture, for Lower Canada, Montreal, previous to or on the following named dates:—

2. *Horses, Cattle, Sheep, Swine, Poultry.*

—Entries in these classes must be made by forwarding the entry form, as above mentioned, filled up, and member's subscription enclosed, on or before Saturday, August 22nd, three weeks preceding the show.

2. In the classes of Blood Horses and pure bred cattle, full pedigrees, properly certified, must accompany the entry. No animals will be allowed to compete as pure bred unless they possess regular Stud or Herd Book pedigrees, or satisfactory evidence be produced that they are directly descended from such stock. In the class of Durham cattle particularly, no animal will be entered for competition unless the pedigree of the same be first inserted in the English or American Herd Book, or in the Upper Canada Stock Register, kept at the office of the Board of Agriculture.

4. *Grain, Field Roots, and other Farm Products, Agricultural Implements, Machinery, and articles generally,* must be entered previous to or on Saturday, September 5th, one week preceding the show.

5. Exhibitors are particularly requested to take notice that it is essential that the entries be made at the dates above mentioned. After these dates for the respective classes, no entry will be received. The entry paper and subscription money will be returned to any person forwarding them.

6. In the live stock classes, the entry must in every instance be made in the name of the *bona fide* owner; and unless this rule be observed no premium will be awarded, or if awarded will be withheld.

7. In the Agricultural department the competition is open to exhibitors from any part of the Dominion of Canada.

8. On the entry of each animal or article, a card will be furnished the exhibitor specifying the class, the section, and the number of the

entry, which card must remain attached to such animal or article during the exhibition.

Transport of Articles, placing them on Exhibition, and charge of them while there.

9. All articles for exhibition must be on the grounds on Monday, September 14th, except live stock, which will be admitted to the ground till 10 A.M. on Tuesday morning at which hour the gates will be closed.

10. Exhibitors must provide for the delivery of their articles upon the show ground.—The Association cannot in any case make provision for their transportation, or be subjected to any expense therefor, either in their delivery at or return from the grounds; all the expenses connected therewith must be provided for by the exhibitors themselves.

11. Exhibitors will at times give the necessary personal attention to whatever they may have on exhibition, and at the close of the show take entire charge of the same.

12. The competing Stock will be distinguished by numbers, and the owner's name must not be mentioned till the premiums are awarded.

13. No articles or stock exhibited will be allowed to be removed from the grounds till the close of the exhibition, Friday afternoon, under the penalty of losing the premiums.

14. While the Directors will take every possible precaution, under the circumstances, to insure the safety of articles sent to the exhibition, yet, they wish to be distinctly understood that the owners must themselves take the risk of exhibiting them; and that should any article be accidentally injured, lost or stolen, the Directors will give all the assistance in their power towards the recovery of the same, but will not make any payment for the value thereof.

24. The judges will meet at the committee room on the grounds, on Tuesday, September 15th, at 10 o'clock a.m., to make arrangements for entering upon their duties, and will then be furnished with the committee books containing the numbers of the entries in each class.

25. No person shall act as a judge in any class in which he may be an exhibitor.

26. In addition to the stated premiums offered for articles enumerated in the list, the judges will have the power to recommend discretionary premiums for such articles, not enumerated, as they may consider worthy, and the Directors will determine the amount of premium.

27. In the absence of competition in any of the classes, or if the stock or articles exhibited be of inferior quality, the judges will exercise their discretion as to whether they will award the first, second, or any premium.

28. Each award must be written in a plain careful manner, on the blank page opposite the number of the entry; and the reasons for the award should be stated when convenient.

29. A superintendent will be appointed to each class, who will see that each animal or lot is put in the place assigned to it; he will

attend upon the Judges; point out to them each section of the class, and take care that they are not interfered with by any one during the inspection. When the Judges have made their report, he will cause the premium cards to be affixed to the animals or lots, strictly in accordance with it.

No Neat Cattle will be allowed to enter the Show Ground unless secured in a proper manner by either chain, strap or cord.

Bulls must be secured by a ring or screw in the nose, with a chain or rope attached.

The exact age of young animals must be stated on the cards, and will be taken into consideration by the Judges in making their awards; and any person under-rating the age of an animal will forfeit the premium to which he might otherwise be entitled.

Young animals may compete, if the exhibitor thinks fit, in an older class than that to which they properly belong; but no animal will be allowed to compete in more than one of the foregoing sections, except for the Medals, or where all classes and ages compete together, or in the herds. Cows in any of the above classes must be giving milk at the time of the exhibition, or be evidently well gone in calf.

An animal will not be allowed to compete as a three year old cow unless she has had a calf, or is evidently in calf; but a two year old animal having had a calf will be allowed to compete as a two year old heifer, if the owner thinks fit.

Prizes will be awarded to animals of other breeds than those above mentioned, if deemed worthy. Fat cattle and fat Sheep can be exhibited only by persons who have owned and fed them at least six weeks previously.

RULES AND REGULATIONS OF THE INDUSTRIAL DEPARTMENT.

1. All entries must be made on printed forms, which may be obtained of the Secretaries of Agricultural Societies, or of the Secretary of the Board of Arts and Manufactures, free of charge. These forms are to be filled up and signed by every exhibitor, enclosing a dollar for entrance fee, and sent to the Secretary of the Board of Arts and Manufactures for Lower Canada, Montreal, previous to the 1st September.
 2. Every article exhibited for competition must be the produce or Manufacture of the Dominion of Canada.
 3. Articles of foreign manufacture, or others intended only for sale, may be exhibited, by being regularly entered and labelled as such.
 4. Exhibitors are particularly requested to take notice that it is absolutely requisite that the entries be made on or before the date above mentioned, in order to afford sufficient time to examine the entry papers, and to correspond with parties, where necessary, for the correction of errors.
 5. Entries must in every instance be made in the name of the *bona fide* Inventor, Producer, or Manufacturer, or his authorised agent. Separate entries must be made for the products of each manufacturer, and unless this rule be observed, no premium will be awarded, or if awarded, will be withheld.
 6. On the entry of each article, a card will be furnished the exhibitor specifying the class, the section, and the number of the entry, which card must remain attached to such article during the exhibition.
 7. Manufacturers are requested to furnish with their articles exhibited, a statement of the quantity they can produce or supply, and the price, for the information of the Judges, whose decision will be based on the combination of quality, style, and price, and the adaptation of the article to the purpose or purposes for which it is intended.
- Transport of Articles. Placing them on Exhibition, and Charge of them while there.**
8. All articles for exhibition must be delivered at the building on or before Friday, September 11th. Exhibitors of machinery and other heavy articles, are requested to have them placed during the week preceding the Exhibition.
 9. Exhibitors must provide for the delivery of their articles in the building. The Association cannot in any case make provision for their transportation, or be subjected to any expense therefor, either in their delivery at, or return from, the exhibition; all the expenses connected therewith must be provided for by the exhibitors themselves.
 10. Articles not accompanied by their owners may be addressed to the care of the Secretaries of the Association, who will receive them, on their being delivered at the building; but in no case will such articles be brought into the building and placed on exhibition, except by and at the expense of the Exhibitors or their authorised agents.
 11. Exhibitors on arriving with their articles will apply to the Secretary in charge, who will inform them where the articles are to be placed.
 12. Exhibitors will at all times give the necessary personal attention to whatever they may have on exhibition, and at the close of the Exhibition take entire charge of the same.
 13. No articles exhibited will be allowed to be removed from the building till the close of the exhibition, on Friday afternoon.
 14. While the Council will take every possible precaution, under the circumstances, to insure the safety of articles sent to the Exhibition, yet they wish it to be distinctly understood that the owners must themselves take the risk of exhibiting them; and that, should any article be accidentally injured, lost or stolen, the Council will give all the assistance in their power toward the recovery of the same, but will not make any payment for the value thereof.
- Steamboats and Railroads.**
15. The Association will make arrangements with steamboat and railroad proprietors for carrying articles and passengers at reduced rates.

20. The Judges will meet, at the committee room in the building, on Tuesday, September 26th, at 10 o'clock A. M., to make arrangements for entering upon their duties, and will then be furnished with the committee books, containing the numbers of the entries in each class.

21. No person shall act as a Judge in any Class in which he may be an exhibitor.

22. In addition to the stated premiums offered for articles enumerated in the list, the Judges may recommend the Council to award discretionary premiums for such articles not enumerated, as they may consider worthy, and the Council, if approved, will determine the amount of premium.

23. In the absence of competition in any of the Classes, or if the articles exhibited be of inferior quality, the Judges will exercise their discretion as to whether they will award any premium.
